What do you value? What is or is not working in your current home? What do you dream about having? These are just a few questions to get you thinking about what it is that you want.

## YOUR NEEDS

Functionally speaking, what are your needs? Elements, spaces, square footage, spatial division...big picture ideas.

---

---

---

---

---

## YOUR WANTS

Functional or not, what things have you been dreaming about? What things do you want that would make you love your home?

---

---

---

---

---

## YOUR (life)STYLE

How would you describe your style, both architecturally and from a furnishings standpoint (they are not always the same)? Do you lead a simple life or is it complex and full of activity? Are you always entertaining or see your home as a retreat from the rigors of life? What are your hobbies, values, future goals?
